ARTILLERY DUEL RAGES UPON THE FLANDERS FRONT

Notable Battle of Big Guns Continues Incessantly Over Wide Area.

British Attack on the German Lines Near Coast Is Repulsed—Much Activity on Aisne Front.

which would have machinery to give relief. The legal committee in an opinion held that the seizure of the mines can be effected without the institution of judicial proceedings.

GOV. COX WILL GO

By Associated Press Dispatch. Columbus, O., August 8.—Ohio will be represented at the coal conference of middle west states in Chicago August 16 by Governor Cox in person. It was announced at the State House.

REV. F. M. HALL PASSES AWAY

By Associated Press Dispatch. Cleveland, O., August 8.—Rev. Frances M. Hall, rector of St. Marks Episcopal church, died here last night.

In his long ministry in the Episcopal church he was in charge of churches in Toledo and Newark and the mission of Geneva, Unionville and Willoughby. For many years he was editor of Church Life and was secretary of the Ohio Widows' and Orphans' Society.

WILL PROBE I. W. W. RIOTS

By Associated Press Dispatch. Washington, August 8.—President Wilson today took cognizance of the I. W. W. agitation and labor troubles in the west by selecting Chief Justice C. E. Hughes of the District of Columbia Supreme Court to make a personal investigation of the situation. Justice Hughes conferred today with the President and Secretary Wilson of the Department of Labor before starting on his work.

NEW ZEALAND HOLDS FAST

(Associated Press Cable). Wellington, New Zealand, August 8.—Amid the greatest enthusiasm the New Zealand parliament today adopted a resolution in favor of carrying on the war until Germany has been vanquished.

FOOD RIOTS IN BRAZIL

(Associated Press Cable). Bahia, Brazil, August 8.—Disorders have been caused here by the high cost of living. Two were killed and a number wounded in conflicts with the police.

TO GIVE LIQUOR A KNOCKOUT BLOW

Inauguration of a \$1,000,000 advertising campaign against the liquor traffic in the "wet" states was announced by the Federal Council of the Churches of Christ in America, whose general secretary is the Rev. Dr. Charles S. MacFarland (No. 4 in the pictures). It will be known as the "Strengthen America" campaign, and the purpose is to prove in the advertising columns of newspapers that strong drink must go.

4 AMERICANS VICTIMS OF GERMAN SUB.

Survivors of Vessel Sunk by German Submarine Declare Germans Placed Crew on Deck and Submerged.

(Associated Press Cable). London, August 8.—Four Americans were lost on the British steamer Belgian Prince, sunk July 31st by a German submarine. One American is among the survivors.

Thirty-eight of the crew of the steamer were drowned and three rescued by a patrol boat and taken to a British port.

The survivors say the submarine shelled the vessel after which the commander ordered the crew to take to the boats and go alongside the submarine. According to the survivors the Germans removed the life belts and clothing from all of the crew, smashed the lifeboats with axes, and then entered the submarine, leaving the men on deck.

After traveling on the surface for several miles the U-boat submerged.

POSTPONE MEETING OF THE SOCIALISTS

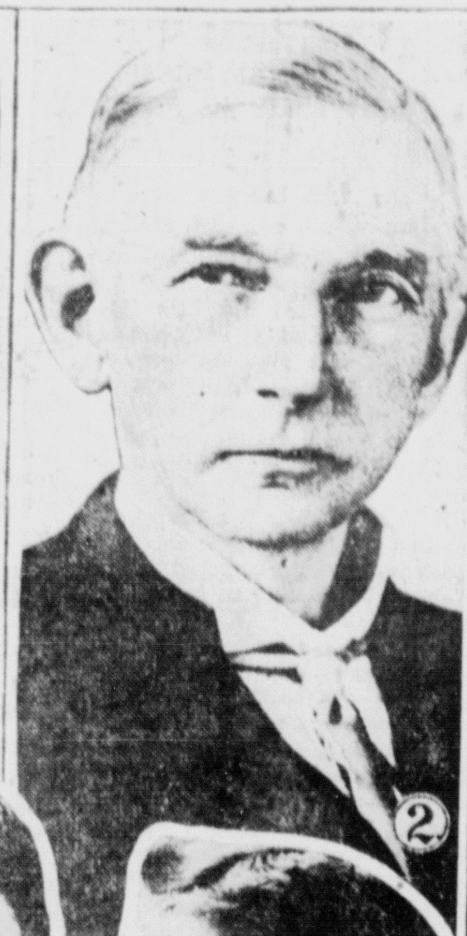

(Associated Press Cable). London, August 8.—The Entente allied labor conference, which was scheduled to open here today to consider the question of sending representatives to the Stockholm conference, has been postponed at the request of the French Socialists.

MORE DRAFT RESISTERS

By Associated Press Dispatch. Muskogee, Oklahoma, August 8.—Armed bands of draft resisters were reported forming in Payne county, 50 miles northwest of the district previously infested, in messages received at the United States Marshal's office this afternoon. Deputies were dispatched to the scene.

ISSUE TAKEN IN A HURRY

By Associated Press Dispatch. Washington, August 8.—Over subscription of the \$300,000,000 of short term treasury certificates, Secretary McAdoo announced today, was \$61,525,000, more than 20 per cent. Allotments will be approximately 83 per cent of the subscription.

had been decided to make known the plans of the council earlier than had been intended. Senator Morris Sheppard of Texas (No. 5 in the pictures) is the author of the amendment, which was strongly supported by Senator Wesley L. Jones of Washington (No. 1). Senator William J. Jones of Missouri (No. 2) was one of the strongest objectors to the prohibition amendment.

RANGERS RUSH TO SCENE OF INDIAN RIOT

Apaches Surround 9 Miners in Arizona and Start Forest Fire—Mexicans Are Taking Part.

By Associated Press Dispatch. Globe, Arizona, August 8.—A force of mounted rangers led by deputy sheriff Dan Arner was expected to reach the scene today of the Apache Indian uprising in the Sierra Anchas mountains fifty miles northwest of here, where 9 white men employees of the asbestos mines in that region were reported to be surrounded by a mob of more than 100 striking Indian and Mexican miners while a forest fire set by the Indians was sweeping the mountains.

Other forces of forest rangers are hurrying to the imperiled white men's assistance from the Tonto and from Roosevelt, while still others went by automobile to Rice, where they expected to obtain horses for the ride to the mountains.

First news of the trouble, which began yesterday, when the Indians and Mexicans employed in the mines went on a strike, was received last

DEMOCRATIC MOVE IN GERMANY LOSES GROUND EVERY DAY

night in a telephone message from a forest ranger who had ridden 25 miles to give the alarm. The ranger said the Indians had set fire to the forest and had been prevented from burning the mine buildings only by the prompt action of the guards.

RUSHING TO SCENE

By Associated Press Dispatch. Phoenix, Arizona, August 8.—According to word from Globe, Arizona, Deputy Sheriff Arner and his posse were pushing their mounts to the limit to reach the scene in time to save the little garrison.

Rangers and cowboys were fighting desperately with fair hopes of success to put out the fires set by the Indians in the vicinity of the Tonto, according to the latest advices.

A BUMPER CORN CROP REPORTED

3,191,000,000 Bushels Corn and 653,000,000 Bushels of Wheat is Prospect

By Associated Press Dispatch. Washington, August 8.—The largest crop of corn ever grown in the United States is in prospect for the coming harvest.

The Department of Agriculture report issued today showed corn prospects improved to the extent of 67,000,000 bushels during July, indicating a total of 3,191,000,000 bushels.

Wheat, however, showed a decrease of 25,000,000 bushels. Spring wheat had a bad month and prospects decreased 40,000,000 bushels. Winter wheat returns indicated 15,000,000 more than July's forecast. Wheat production, winter and spring, is forecast at 653,000,000 bushels.

Condition of spring wheat and corn on August 1 in Ohio was 87 per cent of an average.

COMMITTEE TURNED BACK

By Associated Press Dispatch. Bisbee, Arizona, August 8.—A committee of five appointed by the convention of the Arizona federation of labor to investigate the Bisbee deportation, was met by citizens at Forest Ranch, 7 miles from Bisbee today, and turned back.

The committee was advised it could not enter Bisbee. Citizens told the labor men the government had several agents in the Warren district investigating, and that the Attorney General, Wiley Jones, also was conducting an investigation.

Socialist Newspaper Declares New Cabinet Members Represent No Party, But Are Merely Individuals.

(Associated Press Cable).

Copenhagen, August 8.—The Democratic movement in Germany which reformers were sure was getting a splendid start in the recent Reichstag crisis, now seems to be slipping backward. The liberal and radical newspapers in Germany generally interpret the selection of Dr. Michaelis, the Chancellor and his colleagues as a distinct rejection of the principle of parliamentary influence upon the administration.

The socialist organ Vorwaerts declares that the present government must be the last of its kind and must be supplemented by a government of the people. Dr. Michaelis is also getting further away from the Reichstag peace resolution, even as he interprets it, as the days pass.

The phrase in his speech Saturday on the necessity of "a powerful peace" was printed in blackface type.

The Vorwaerts announces that the cabinet members, Spahn, Krause and Mueller, entered the government as individuals and not as party representatives. Therefore the party assumes no responsibility but retains completely a free hand toward the government.

WANT PEOPLE HEARD

(Associated Press Cable). Amsterdam, August 8.—Philip Scheidemann, socialist member of the German Reichstag, in a speech delivered at Mannheim, Baden, before 6,000 people, demanded in the interest of peace the speedy substitution for the present government of Chancellor Michaelis a government really representing the will of the German people.

TURKS ATTACK CITY OF CHIOS

(Associated Press Cable). Athens, Greece, August 8.—Official advices from Chios say the Turks have bombarded the island from Tchesmo, a seaport of Asia Minor, 40 miles from Smyrna, sinking four sailing vessels and slightly damaging the town and aviation grounds.

FAVORABLE VOTE NEAR

By Associated Press Dispatch. Washington, August 8.—Late this afternoon debate in the Senate on the food bill was in its final stages with many Senators making short statements of their positions, as four o'clock drew near. Final passage of the bill in the form on which President Wilson has insisted, was forecast.

CONFERENCE ON COAL IS NOW ASSURED

Governor Cox Will Represent Ohio in Big Conference on Coal Situation, to Held in Chicago.

By Associated Press Dispatch. Chicago, August 8.—Practically all of the governors of 16 states had responded favorably to an invitation extended by the Illinois Council of Defense to attend a conference in Chicago, August 16, for the purpose of bringing about a uniform regulation of the price of coal. While the state Council of Defense recommended to Governor Frank O. Graves, seizure of the coal mines in Illinois for the period of the war, the state expressed that the states of the central west will urge Congress to enact a law that will confer full sweeping powers over coal prices and distribution in an administrative body of the Federal government.

NOT A MAN FAILS TO REPORT AT THE HOUR DESIGNATED

Forty-four Passed and 13 Thrown Out During Second Day of Examining Men for Draft Army. Eighty Passed and 32 Thrown Out in Two Days.

The work of conducting the physical examination of the men called for selective military service continues without interruption, and the second day witnessed the examination of 57 men, 44 of whom passed and the remaining 13 were not found up to the physical standard required.

As a result of the first two days' work 112 men had been examined and 80 passed, the remaining 32 being physically unfit for various reasons; some having poor sight, being under weight, weak heart, bad feet, tubercular condition and other objectionable troubles.

The Board and physicians are being assisted by members of Company M, and the corps of men have been kept busy during the hours assigned for examination.

Interest in the result of the examinations is intense, and the Board has been besieged with calls wanting to know if certain men had passed or failed.

"I'm waiting on my boy who is being examined," said a man of 50 years who was standing on the sidewalk opposite Memorial Hall, Tuesday afternoon. "I hate to see him go if he passes the examination, but I am glad to offer him to his country when it needs him," he continued.

Most of the men who appear take their examinations as a matter of course, while others are plainly nervous. "I wouldn't mind it at all and would have enlisted long ago. If it were not for my wife and two little chaps," explained one man who showed symptoms of nervousness.

No partiality is shown in the work of examination. Every man looks alike when he appears before the physicians for examination, regardless of color, or his social or business standing.

ICE CREAM FESTIVAL

There will be an ice cream festival Saturday evening, August 11 at Harmony M. P. church. Everybody invited. 136 13

THE OLD RELIABLE STILL IN THE LEAD

Our ham sale still continues 25c per lb for the finest hams cured. Will sell one half ham at same rate. Extra fancy watermelons, sweet corn, Texas onions, Spanish onion, fine home grown potatoes 45c per peck. Best cane granulated sugar \$2.25 per sack, subject to change without notice.

Kilo for cabbage worms, and potato bugs—does not stain, is non poisonous 15c and 25c per box.

PITIALE CASE IN THE PROBATE COURT

Almost totally blind and prematurely broken down by hard work, John Brandon, colored resident of Bloomington, faced Probate Judge Frank M. Allen, Wednesday morning on a charge of lunacy, and after the usual examination was sent to the state state hospital for the insane, at Columbus.

Brandon for years had been a hard working, inoffensive resident of Bloomington, and it is believed that his blindness is due, largely, to hard work. His wife still resides at Bloomington.

BODY OF VICTIM IS BROUGHT HERE

The body of Frank Flint, who died in Lancaster at 4:30 Tuesday morning as a result of terrible burns sustained in a gas explosion which also caused the death of four children, will be brought to this city Thursday morning, for interment in the Washington cemetery, and the sorrowing wife accompanies the remains from Lancaster. The body was taken to the home of the deceased's father, Silas Flint.

Mr. and Mrs. Flint moved to Lancaster from Circleville, about one week ago, and had moved to Circleville from this city some two months ago.

Mr. Flint, who was 34 years of age and well known in this city where he had made his home for years, was preparing to move into a house in Lancaster, and had entered the house and struck a match when natural gas that had accumulated in the house, exploded with terrific force, hurling Mr. Flint and the five children with him, from the building, and inflicting burns that soon caused the death of four of the children.

The accident occurred Saturday evening, and the children lived only a few hours. Mr. Flint lived until about 4:30 Tuesday morning, when death ended his sufferings, the burns having been more severe than at first believed.

The children who succumbed as result of burns were Gladys, aged 9, Edna, aged 6 and Dorothy, aged 4, the three daughters of Mr. and Mrs. Arthur Gloyd, and Herbert Hanna, 9, son of Mr. and Mrs. M. D. Hanna. The three Gloyd children were the only children in the Gloyd family, and the father and mother are suffering terribly from the great shock.

KATZ & COLWELL STOCK DAMAGED

A fire that was confined to one small room in second floor of Peck's Block, Court and Main, occupied by Frank Hamilton's drug store at five o'clock this morning was soon extinguished by fire department by copious use of water, which flooded the drug store and adjoining room occupied by Colwell & Katz.

Damage from water to drug stock was not as severe as it was to the clothing stock of Colwell & Katz. Both insured—Monday's Circleville Herald.

The Herald want ads always pay—why not try one today

SEVENTEENTH FAYETTE FAIR NEAR AT HAND

Prospects Never Brighter for Successful Exhibition—Racing Card Will be Up to Standard and Exhibits Are Expected to Exceed Those of Recent Years.

With the 17th Annual Fayette County Fair only a few days distant, Secretary Geo. H. Hitchcock and his assistants already are covered up with work connected with the big event, and the number of inquiries received indicates that the general exhibit will be above the average this year, and that the Fair will not only be up to the standard of recent years, but will in a great many ways surpass previous fairs.

It is 17 years since the present organization purchased the interests of the old board, and launched anew the annual fairs, making agriculture a leading feature.

This year the organization has offered more and better premiums than ever before, and sparing no expense to contribute to the success of the big undertaking.

The race track was never in better condition, and prospects for a full racing card never brighter. There will be a lot of speedy ones on the track this year, and good racing each day is virtually assured.

The Pig, Poultry and Clothing club exhibits will be a big feature of the fair, and will by far surpass the exhibits last year.

The balloon ascension and double parachute drop is sure to thrill all who witness it. Prof. Stone is one of the best in his line and appears Thursday and Friday for ascensions and his daring "loop the loop" in the sky.

The domestic exhibits promise to eclipse those of last year, and additional premiums have been added to the list.

The poultry exhibits this year will exceed all such exhibits in the past ten years, according to those in touch with this department.

The State Fish & Game Association will have an interesting exhibit on the grounds.

The Ohio Branch of the Council For National Defense will have an exhibit which will be of particular interest to the women of the county.

The midway attractions show an improvement over those of last year, and the machinery, implements and automobile exhibits will be a genuine surprise to the average person.

The fair begins Tuesday, August 14th and lasts four days.

ANNUAL FIELD DAY AND PICNIC DRAWS 1500 TO GROVE

The annual New Holland picnic and field day in the beautiful Kirkwood Park, Tuesday, was a most delightful event and attracted fully 1500 persons, many from a distance of 25 miles, a large number taking their dinners and enjoying an ideal day's outing.

The Washington Band furnished music throughout the day, and won new laurels for the splendid music furnished.

Not a single serious mishap occurred to mar the pleasure of the day, with the exception of destruction of the balloon of Prof. Krushner, of Indianapolis, Ind.

The big balloon was being inflated by the usual means when the flames

touched the edge of the big gas bag, and a moment later it was a total loss, the fire making short work of it, and ending the ascension which many had remained to witness.

The grounds presented the usual attractive appearance and the machinery exhibits, refreshment and amusement booths with the crowds of people gave the grounds the appearance of a small fair under way.

A Red Cross booth was on the grounds. The colt show and mule race attracted quite a little attention. Two automobiles, those of James McLean and Marcus Cockerill, were damaged as result of a collision.

WILLIAMSPORT PICNIC TUESDAY, AUGUST 14

The big annual Field Day and Farmers' Picnic at Williamsport will be held next Tuesday, August 14. The day promises to be bigger and better than heretofore. With all kinds of amusements, base ball, races, and a balloon ascension with a parachute leap, and with many new amusements, the day promises to be a record breaking one. Thousands of people will attend the pig Picnic and Field Day at Williamsport next Tuesday, August 14th. *h-or

BENEFIT PHOTOPLAY IS POSTPONED

The photoplay, "Treason," supplemented by the play, "Pershing's Troops Landing in France," six reels in all, to be given for benefit of the Daughters of American Revolution, has been postponed until August 17.

The Daughters are raising funds for the support of a Belgian and a French child.

NOTICE TO WOMEN

The contributions for the soldiers' baseball suits have now reached \$40 which is good but only about half enough. Consequently we want every woman in the town to feel it is her personal affair to express in this small way some of the appreciation we owe our boys, who are giving their all, that we may sit here in comfort hardly realizing there is a war.

Miss Amy Conn will be at Hughey's on Friday from 2 to 5 and Mrs. Glenn Rodgers there on Saturday from 2 till 5. Be there with your contribution and make it more than you can afford. Such a little effort for such a big cause. Do not let it slide. Woman's Council of National Defense

WANTED — AT ONCE, MEN TO WORK IN FACTORY. THE M. HAMM CO. 136 14

DUTY OF SECRETARY SAME AS BEORE

By Associated Press Dispatch. Columbus, O., August 8.—An opinion by the state's attorney general respecting the new board of agriculture, revised by an act passed last March, holds that the secretary of agriculture now is ex-officio secretary of the state board but has functions and performs duties independently of the board's authority much as in the government department of agriculture. The civil service still is applicable to the state department.

BEATS FISH STORY

By Associated Press Dispatch. Lorain, O., August 8.—William Leonard, 16, caught a turtle five feet in circumference weighing 50 pounds in Black River. He used a common hook and line.

FIRST KATYDIDS

The first katydids made their appearance this week, and their dreary song may now be heard coming from the hedge and forest.

According to the believer in "signs" the first frost falls six weeks from the time the first katydid is heard.

SAFELY LANDED

Kenneth Crow, son of Mr. and Mrs. Rinaldo Crow, of near Cooks, who is with the United States Engineering corps, has arrived safely in France, as learned from a cablegram received at Chicago.

BAND CONCERT

(The author of the following very beautiful poem is well known in this city, where he formerly resided. It is a pleasure because of our friendship for Mr. Barnes and because of the literary merit of the poem to be able to present it to Herald readers, scores of whom remember the author.—Ed.)

THE TRAIL

(Being a few lines on the passing of a friend.)

How good the thought that thou and I Had camped a while along life's trail

This side the mist; We tarried where the shades were cool

Upon the ridge above the vale This side the mist.

'Twas good to hear thy friendly chat On things that made our lives worth while

This side the mist 'Twas good to see thy kindly face When lighted by a friendly smile

This side the mist. The camp-fire's embers now are dead And thou has journeyed on Beyond the mist;

Thou knowest many secrets now We oft had pondered hard upon This side the mist.

The trail is rough at times, and long Yet all must journey—tear or smile Beyond the mist.

Where rest awaits the traveler, tired, And friends shall meet in a little while Beyond the mist.

Thou feared no terrors of the trail, As thou journeyed on to the farther side

Beyond the mist; But with thy face straight to the front Thou walked as if well satisfied, Into the mist.

Some day we'll know the things thou learned

When we broke camp and thou went on Beyond the mist;

We'll leave the outfit by the trail And hope to reach where thou hast gone Beyond the mist.

—M. D. BARNES,
Wilmington, Ohio, 1917.

WONDERLAND

THE HOME OF GOOD PICTURES

Today—Geo. Beban

the celebrated exponent of Italian character who scored such a success in "Pasquale" and "An Alion," will be seen in

"His Sweetheart"

as the ice man in the tenement district of an Italian section of a great American city. Into his basement store and home he brings his sweetheart, who is none other than his little old mother from Italy. "His Sweetheart" is a most excellent story full of humor, pathos and human interest.

Thursday Another one of those wonderful MO-TOY or Motion Toy Pictures. Also an ANIMAL PICTURE

Friday VIVIAN MARTIN in "THE WAX MODEL"

Saturday FATTY ARBUCKLE in "THE ROUGH HOUSE"

Matinee each day this week at 2:00

We have all heard of the poor little Belgian and French orphans, and know that when the DAUGHTERS OF AMERICAN REVOLUTION

pledged themselves to help care for some of these poor children they were doing a most praise-worthy deed. The Daughters have decided to give a program at The Wonderland Theatre August 17th, to help raise this fund.

GENERAL PERSHING AND THE BOYS IN FRANCE

And a 5-reel BLUEBIRD Film—TREASURE

A great military photo-play of the present European warfare. Not only does it show trench warfare, large companies of soldiers, and every method of extermination practiced in this World War, but it unfolds a very attractive love story which invokes love of country with an irresistible appeal to patriotism.

Remember date, Aug. 17.

CAMEL MAY BE THE EMBLEM OF DRYS

By Associated Press Dispatch.

Cleveland, O., August 8.—If plans of the campaign committee of the Cuyahoga county Federation are carried out, the camel—which tradition says can go eight days without tak-

ing a drink—will be the party emblem of the "drys" this fall. It is proposed to form "camel clubs" and "water wagon brigades" in every ward in the city and each member will be asked to wear a button showing a camel carrying a man across the "desert." Also the members are expected to take a pledge to do their bit to vote Ohio dry at the next election.

Peace Talk

The American people are practically unanimous in the belief that this is no time for our public men to be discussing peace and encouraging an agitation in the hope of creating a sentiment for peace.

America did not enter the war as an opponent of Prussian militarism from choice but from necessity. This nation advocated peace and maintained peace in the face of repeated provocations—scores of them—any one of which would have justified the declaration of war.

Having been compelled against a sincere and oft expressed desire for peace, to enter the contest, talk of peace now should properly come from the nations which made the conflict inevitable not from this nation which is now preparing to defend its honor.

It is regrettable but true that this nation in every war has had its weak kneed brothers who insist upon peace at the cost of honor even to the very instant the enemy surrenders.

War is terrible—everything should be done, possible with honor, to avoid it but when avoidance is no longer possible then peace talk should end until it is begun by the aggressor.

Public men who agitate peace at this time, if sincere in their endeavors, are in grave danger of being misunderstood and considered public enemies. The effect of such agitation is as disastrous as if actual harm was intended. These are times when men are judged by the effect of their words more than by their words.

Poetry For Today

THE DEATHLESSNESS OF BEING.
A great life cannot die; the present thrills
With all the glory of a deathless past;
Good deeds are stamped with immortality,
And they eternally do blossom and
Bear fruit in all the vast, wide universes
Of God nothing is equal to the man
Who bravely dares do right, however much
Beset with danger the way of right may
Be. To dare, to boldly do, is God-like.
When duty leads the way. No jewel like
One's conscience when the heart is pure
And undefiled; its luster naught can dim.
Nor ever Shame can cast its shadow o'er
The man whose upright march is onward
In its light. No coffin-lid can on such
Manhood close, for it will live forever
In the deeds it wrought and noble purposes
Fulfilled, the priceless heritage of all
The future, the changeless keynote of all
Glorious, stainless days to come.
No thought of good is ever lost to man.
And no kindly deed doth ever perish.
Today doth write itself upon the page
Of coming Time, and the great To-morrows
Of our being are but the perfect blossoms
Of the budding Now.

—Eliza A. Otis.

ANNUAL EIGHTH GRADE COMMENCEMENT HELD AT HIGH SCHOOL TODAY

The annual eighth grade commencement of the Fayette County schools was held at the High School auditorium Wednesday afternoon and diplomas were given to 119 graduates one of the largest classes ever graduating from the Fayette county schools.

The program was very interesting. There were ten minutes addresses by Principal Probasco of the local high school and superintendents Parsons, Everhart and Thacker. The graduates were favored with a program given by Miss Margaret Matheny gifted young whistler.

Her little sister Miss Thelma accompanied her on the piano. Miss Matheny is known all over Ohio as a songstress and whistler, and her program pleased the audience very much.

The exercises were in charge of County School Superintendent O. S. Nelson, who also presented the diplomas.

SAYS MURDER OF DE SAULLES DELIBERATE

Prosecutor Declares Woman Went to Home of Husband With the Murder Planned — Son is Found.

By Associated Press Dispatch.

Mineola, L. I., August 8.—By way of outlining the prosecution of Mrs. Barina DeSaulles, in jail for killing her divorced husband, John L. DeSaulles, District Attorney Chas. R. Weeks made a statement here today in which he said the murder had been carefully planned.

"If the murder was not premeditated why did Mrs. DeSaulles go to her former husband's home carrying a revolver," he asked.

"That the woman carried the weapon for protection is not true, as she was accompanied by the driver and her maid. The crime was not the impulse of the moment, but was prearranged. Her only motive was to shoot DeSaulles."

All mystery about John L. DeSaulles, Jr., the four year old son of Mrs. DeSaulles, was cleared today when he was found in the care of G. M. Heckscher, Mr. DeSaulles' business partner.

MEMOIR.

Martha Durham Glaze.

Martha Durham Glaze was born near New Holland, Ohio, February 9, 1837 and passed from this life to her home beyond July 12, 1917; aged 80 years, 5 months and 4 days.

She was united in marriage to Isaac Glaze December 31, 1855 at Washington C. H., Ohio and for more than three score years they have traveled life's journey, sharing each other's joys and bearing together the responsibilities and sorrows of life that came to them. Something of the disappointment that came to them may be gleaned from the fact that four children came into their home. One, a baby girl, died in infancy, three boys, Benjamin Franklin, Alpheus Brown and Henry, all grew to manhood, but one after another they were taken—two of them in railroad accidents—and the sorrowing parents were left in their old age without the comfort and support of either son or daughter. One grand-son, D. W. Glaze, of Toledo, has been the delight and comfort of their old age.

Over 50 years ago Mr. and Mrs. Glaze felt the call to Christian service and together united with the United Brethren Church to which church they have been faithful adherents ever since.

Mr. and Mrs. Glaze have always lived in Fayette county where they

are too well and favorably known to make it necessary to narrate the events of their lives in this brief obituary. Suffice it to record that they reached old age happy in each others love and companionship. Mrs. Glaze was a kind and loving wife and mother, a good neighbor, a noble Christian, and respected by all who knew her.

Early last February she was stricken with pneumonia and this resulted in a complication of diseases which caused her death on the evening of the 12th of July.

Mrs. Glaze leaves to cherish her memory her husband who ministered to her and was her constant companion in her last illness; one grand son, D. W. Glaze, of Toledo, Ohio; two sisters, Mrs. Sarah Jennings and Mrs. Mary Watson, both of Dayton, Ohio, and a wide circle of other relatives and friends.

OHIO WHEAT YIELD IS 20 PER CENT ABOVE AN AVERAGE

Corn Prospects 92 Percent of Average, Oats Far Above Average and Potatoes 10 Above Normal, Says Department of Agriculture.

The Ohio crop report, just issued, is very flattering and indicates that Ohio's crops are far above an average. The report follows:

Wheat prospects for an average production per acre are the most flattering in the history of the State. Its present condition or prospect is reported at 120 per cent compared with an average. An increase of 11 points since report of one month ago. Only fourteen counties in the state report prospects at less than 100 per cent. The northwest section reports 128 per cent, the southwest 121, the north eastern 118, and the southeast 107 per cent. As stated in previous reports, the area seeded was far below an average, but with the promising prospects now reported, the average yield per acre should be so heavy as to bring the total production well up to or better than an average crop. Ohio's heaviest wheat crop for the past 10 years was in 1915, when on 1,888,642 acres there were produced 35,624,381 bushels. The estimate area seeded

for this year's harvest is 1,570,643 acres, which, according to reports received, should produce approximately 28,274,574 bushels.

From personal observation and interviews with people interested in agriculture and who travel over the state pretty thoroughly, I am inclined to believe that the average yield for the state will reach or exceed 20 bushels per acre, which would bring the total production for the state up to 31,412,860 bushels, thereby exceeding the 10 year average by about 1,000,000 bushels.

Rainfalls have been heavy and frequent during the past month, hence threshing has been retarded to some extent, but where completed, heavy yields per acre are reported, and the quality of the grain is generally good. There is some complaint of wheat sprouting in the shock, also some rust and smut reported. The harvest is from two to three weeks late.

The crop of oats promises a most abundant yield per acre, prospects being reported at 119 per cent, compared with an average, an increase of 11 points since report of one month ago. The estimate area seeded for harvest of 1917 is 1,584,459 acres, which should produce approximately 55,040,452 bushels. This is about 10,000,000 bushels greater than a 10 year average yield.

Corn doing fine the past two weeks of warm weather and is reported at 92 per cent compared with an average.

The prospect of potatoes is reported at 110 per cent compared with an average, which is an increase of 12 points since the last report. The area planted for 1917 is 97,915 acres, which should produce approximately 9,216,425 bushels, and will about equal a 10 year average.

Apples do not promise well. The fruit continues to fall, and the crop will be considerably less than half a good average crop. From prospects reported the average production will be about 13 bushels per acre, or a total for the state of about 3,000,000 bushels.

Peach prospects are discouraging, this report estimating it at 26 per cent.

WANTED—Four ladies for canvassing, no experience necessary. Call Bell phone Main 54, after 6:00 p. m. Ask for Mr. Joos.

FOR RENT—4 room cottage on S. Sycamore. In good condition, gas, soft and hydrant water. Enquire at Arbogast Grocery or call John R. Sutherland.

TOO HOT TO WASH AT HOME

LARRIMER LAUNDRY

AUTOMATIC 5201; BELL 188-W

In Social Circles

The marriage of Miss Ruth Parrett, oldest daughter of Mr. and Mrs. Charles H. Parrett, and Mr. William Joseph Frayne, son of Mr. and Mrs. William Frayne, and grandson of Mrs. V. J. McDonald of Cunningham, was solemnized at St. Colman's church Wednesday morning at half past eight o'clock.

It was a very beautiful wedding witnessed by a hundred guests, who assembled while Miss Margaret McDonald played exquisitely during the half hour preceding the ceremony.

The high altars blazed with yellow electric candles and were massed with golden glow and luxuriant green, creating an effective background of green and gold for the wedding tableau.

As the strains of the Lohengrin march came from the organ the bride's maid and best man, Miss Olive Hillery and Mr. James McDonald, a cousin of the bridegroom preceded the bride and bridegroom down the aisle.

Rev. Father Fogarty was in waiting at the altars and united the young couple in the holy bonds of matrimony, using the ring ceremony.

The nuptial mass was superbly sung by the men's choir and Mr. Aloysius McDonald sang Erch's "Ave Maria." The assisting altar boys were Augustine and Francis McDonald and Frederick Walters.

It was a lovely bride, sweet and girlish, who knelt for the nuptial blessing. Her gown was quite simple, of white Georgette crepe, fashioned in the new tunic effect, with pinnies back and front. Her costume was completed with an all white picture hat of Georgette, the underneath brims of roses, and at her waist a corsage bouquet of Killarney rose buds.

The bride's maid was strikingly handsome in an all white gown of Georgette crepe and crepe meteor, with bodice drapery and sleeves of Chantilly lace, pink roses at her girdle and large white hat.

The wedding party left the church to the strains of the Mendelssohn march and were driven to the home of Mr. and Mrs. James Flynn for an elaborate wedding breakfast. It was an announcement breakfast as well as a bridal affair. Mrs. Flynn announcing the engagements of her two brothers, Mr. Frank Collopy to Miss Nelle Mickel, and Mr. Wardus Collopy to Miss Elizabeth Martin. The triple interest of the affair aroused

a shower of felicitations, in which the engaged couple shared with the bride and groom.

The table was extremely pretty with artistic embellishment of marigolds and smilax and the announcements were cleverly made by means of a floral car, in which were seated three couples, their names borne on pennants floating from the windows of the car.

Miss Martin very appropriately drew the ring in the bride's cake and Mr. Harry McCoy of Bloomingburg, the dime, but there was no little merriment when the bridegroom found the bachelor's button.

Mr. and Mrs. Frayne left, amid a merry send-off, on the 10:36 train for a week's wedding trip. The bride's going away gown was a smart tailored suit of midnight blue serge, with big black Milan hat, white waist and shoes. Upon their return Mr. and Mrs. Frayne will go to house-keeping on the Jamestown pike.

Both young people have the best wishes of many relatives and friends. The bride, who is admittedly one of Washington's prettiest younger girls, is also quite talented, possessing an unusually beautiful soprano voice. She spent last year in study at Von Ende School of Music in New York.

The bridegroom, a sterling young fellow, supplemented his high school course in this city at Miami University, and has engaged in teaching in the winter and assisted in the management of his father's farm in the summer.

Young Women's Foreign Missionary Society of M. E. Church will entertain with a Kensington Thursday afternoon August 9th at three o'clock, at the home of Mrs. Harry Rodecker on Washington Avenue.

Each girl is requested to bring her sewing for the Missionary Box.

Mr. and Mrs. Carl Mallow entertained with an informal dinner Tuesday evening at their beautiful country home on the Plymouth pike.

The guests included Mrs. George Brown, Cincinnati; Mrs. M. A. Stubb, Cleveland; Mrs. Mary Whelpley, Mr. and Mrs. Charles F. Bonham.

Fifteen girls of Mrs. Harry Rodecker's Sunday School Class of the Methodist Church, enjoyed a picnic supper at Rock Mills, Tuesday evening.

After the supper the girls motored back to town and attended the picture shows.

Mrs. A. L. Logan entertained Tuesday in honor of the fourth birthday of Betty Jane Chattlain of Columbus, who is visiting here with her mother, Mrs. Chas. Chattlain and brother Richard.

Six little girls delighted in an afternoon of play and a delicious lunch was served, a birthday cake with blazing candles the feature.

The Field Day dance at New Holland proved a successful and greatly enjoyed finale to the Annual Field Picnic. Sixty couples were on the floor.

Parker's orchestra furnished music. The proceeds were quite satisfactory and went to the Red Cross fund. The Field Day Committee was in charge.

Mrs. M. C. Myers delightfully entertained

Our Eaglets Get the Benefit Of French Experience in Air

OUR BOYS LEARN FRENCH AND EUROPEAN GEOGRAPHY

Under the tutelage of Lieutenant Paul Montariol of the French aviation corps; American aviation students at Mineola, N. Y., are learning to know the "lay of the land" in France and also the use of the French aviation

terms. It is and will be very important that our men in France understand their French comrades, and our flying men are under a special obligation to learn as much as possible about European geography, meteorological conditions, etc.

A variety of games were enjoyed and a dainty summer collation served. The invited guests were Misses Dorothy Dick, Mary Elizabeth Holmes, Mary Foreman, Katharine Snider, Thelma Miller, and guest, Miss Dorothy Moots of Dayton.

PERSONALS

Mr. and Mrs. E. P. Geiger, Mrs. Stites, Mr. Harry Kester, of Dayton, Dr. and Mrs. E. S. Holmes, of Plain City, were the guests of Miss Chris Thurston and Raymond Geiger, the first of the week. Miss Thurston leaves this evening for visits in Dayton and Plain City. Raymond Geiger, who is camping with the Boy Scouts, joins her in Dayton later.

Mrs. E. S. Schuman, who has been visiting her sister, Mrs. Jess Blackmer, left the first of the week to join her husband at Bucyrus and return to their home in Boston, Mass. Mr. Schuman, who is one of those registered and called in the first draft, had to be in Boston for examination Wednesday.

Mrs. Arthur Leland and son John are spending a couple of days with Mrs. Leland's parents, Mr. and Mrs. E. A. Squires, in Greenfield.

Mr. and Mrs. Frank S. Jackson, guest, Mrs. Fred Sprenger of Marion, Ill., and Mrs. V. P. Smith, are on a motoring trip to Columbus today.

Mr. Jerome Taylor returned Tuesday night from a business trip to Pittsburgh, stopping over a day in Columbus. Wednesday Mr. Taylor spent in Cincinnati.

Mr. Cliff Reid and daughter, Margaret, of Lexington, Ky., are the guests of Mr. and Mrs. J. M. Baker.

Mr. Homer Silcott is attending the races at Xenia today.

Mr. J. Frank Myers, who with his wife and daughter, Bernice have been visiting his son, Mr. M. C. Myers and wife, left the first of the week for his home in Kokomo, Ind. Mrs. Myers and daughter will remain until the last of this week.

Dr. and Mrs. H. D. Rand daughters, Anne and Ruth Elizabeth, of Cleveland are the guests of Mrs. Rand's parents, Judge and Mrs. Joseph Hidy. Mrs. Rand and daughters expect to make their home here part of the time after Dr. Rand, who has enlisted in the U. S. Dental Reserve Corps, is called out.

Misses Mabel Larrimer, Lillian Taylor, Marie Melvin, Nelle Rowan and Miss Kate Jones, of Columbus, leave the last of the week for Russell's Point where they have taken a cottage for a two weeks' outing.

Miss Pearl Gates has returned from Cleveland where she completed her course at the Cleveland School of Education.

Misses Lila and Kate Williams left Tuesday morning for New York city to visit their sister and husband Dr. and Mrs. Frederick Davis.

Messrs. Charles Robinson, Ray Post, Ray Maddox and Robert Edge motored to Columbus Wednesday to attend the Grand Circuit Races.

Mr. and Mrs. G. B. Hamman of Shale, Ohio, are visiting friends in County.

Miss Jane Paul is spending a couple of days at Maple Grove Hotel.

Miss Helen McLean, of Magnetic Springs, is the guest of her aunt, Miss Rose McLean.

Dr. C. C. Hazzard went to Columbus Wednesday morning to attend the National Osteopathic Convention. Mrs. Hazzard joins him Thursday morning for the remainder of the week.

Miss Berthabell Matthews of Milwaukee, Wis., is visiting her grandmother, Mrs. Bell Smith.

Mr. and Mrs. Alexander H. Ballard and daughter, Carolyn, left Wednesday for Troy, O., to be guests at a house party given by Mr. and Mrs. John Knapp, at their country place, near Troy.

Mrs. James Abernathy and two children, of Los Angeles, Cal., who have been visiting relatives in Chillicothe and Frankfort for the past month, are the guests of Mrs. P. E. Decatur, a cousin, for a couple of days.

Mrs. D. E. Tootle, and daughter, Miss Helen of Frankfort, are visiting Mrs. Tootle's brother, Mr. Kerns Thompson and family.

Washington people, who attended the dance in New Holland Tuesday night were Misses Lucile Chapman, Elizabeth DeWeese, Catherine Rothrock, Juanita DeWeese, Omaha Bryant, Helen McKee, Lora Ellen Tharp, and Jane Paul; Messrs. Fred Yates, Emerson Chapman, Ralph Cline, Richard Haynes and John Crayton Griffin; Messrs. Dale Miller, Charles and Omar Seibert of Jeffersonville.

Mr. and Mrs. L. H. Browne motored to Leesburg Wednesday afternoon.

Messrs. Ed Fite, Fred Kelley, M. E. Hitchcock, C. S. Haver and Clarence Craig composed a fishing party at Cedar Hurst Wednesday afternoon.

Mrs. Mary Arhart and Mrs. N. A. Taylor left Wednesday morning for Lancaster where they will open up a cottage.

Mr. Dio L. Jenkins returned Tuesday to St. Louis, Mo., after spending at few days with parents, Mr. and Mrs. George C. Jenkins.

Dr. Florence Rankin is in Columbus to attend the National Osteopathic Convention.

Miss Dorothy Moats, of Dayton, is visiting Miss Thelma Miller.

Mrs. A. H. Harrop arrived from Albion, Mich., Tuesday afternoon to visit her parents, Mr. and Mrs. I. H. Carman. Her son, Leslie, has been spending part of the summer with his grand parents.

FLINT FUNERAL

The funeral services of Frank Flint will be held Thursday at 2:00 o'clock p. m., at the family residence on Lakeview avenue, and interment will be made in the Washington cemetery.

MARRIAGE LICENSES

Frank Vanness 49, laborer of Salsburg, Ohio, and Jane Mullet, 50 of Adams

LOCAL WOMEN SEND LARGE SHIPMENT OF SUPPLIES TO FRANCE

Tuesday witnessed a stirring scene

at the Federated Club room, with the women of the National Woman's League busily packing the Surgical Dressings supplies to be sent to France, under the direction of the committee Miss Ruth Smithers and Mrs. C. E. Mark.

The first shipment of four immense boxes now ready to go, is certainly most creditable to the six N. L. W. S. units in town and county. Women from every part of town and county have co-operated, both as individuals and as member of various woman's organizations of the town and can well take pride in boxes now packed ready to go over the seas.

Miss Edith Gardner, local chairman had previously forwarded samples of each article made to the headquarters of National Surgical Dressings in New York and word came back that the samples were very nice and they would take all that the League would furnish.

The four boxes packed as full as possible contain 39 arm fracture pillows; 4 leg fracture pillows; 45 body binders; 30 T binders 78 sling bandages; 28 elbow vests; 165 rolled, 3 inch bandages; 30 bath suits; 24 bed sock, 18 comfort pillows; 86 hospital handkerchiefs; 16 cup covers; 200 tampons.

They are done up in packages of 10 each, wrapped in cloth, tied and marked with the French labels according to direction. They are shipped directly to the headquarters in New York and from there re-shipped to Paris, where they are sterilized and sent out to depots of supplies, Field and Base Hospitals for use as foreign surgeons require them.

Under the direction of Miss Gardner the local League had previously sent off 9 full sets of netted articles to the navy League of the U. S. which sent them directly on to the sailors.

on the Crusier Tacoma. Miss Gardner has received the following acknowledgement—"The comfort committee of the Cincinnati Branch of the W. L. U. S. acknowledge with thanks the receipts of your package on Aug. 3rd and is very grateful for your interest and efforts on behalf of the boys of the navy. Katharine V. Gano, chairman."

The Surgical Dressings Department of N. Y. has sent sixteen million packets to Europe and are sending from 1½ to 2 millions a month.

THEY ALL WANT OUT IN ROSS CO.

Chillicothe, O., Aug. 8.—Of 172 men called for examination, all but two have made claims of exemption.

The Paris crowds have found a name for the American soldiers that's a bear—it's "Teddy."—Kansas City Times.

THE NEW ARMY TO BE FINE ONE PERSHING STATES

(By American Press)

Paris, Aug. 8.—Major General Pershing, commander of the American expedition in France, declared it was highly essential that the men in America's conscript army should be in excellent physical condition, well disciplined and capable of individual action. He said:

"Our men must be in good physical condition, keeping their morals clean and thereby capable of meeting the trying conditions of modern warfare. The men must learn to obey orders promptly, implicitly and willingly, but not necessarily automatically. I object to the word 'automatic' because we do not want a machine-made or organized, but an army of thinking men. Men with individuality, men fully capable and ready to assume command of units should their officers be killed or incapacitated, as sometimes happens in trench warfare. The men must be made to realize that war is not sport or play, but serious work demanding the utmost energy and attention to insure success."

General Pershing likened army organization to a football team in which each man is trained to physical perfection under strict discipline, but it is capable of brilliant individual action in a crisis. "We want our men trained the same way."

awaits completion of investigations by the federal trade commission.

President Wilson walked to the commission's offices from the White House and broke into a board meeting. In reply to questions as to progress of the investigations he was told the work was going on rapidly—that the report would be ready in two weeks.

He then went to the department of justice, where he conferred with Attorney General Gregory. It is understood the question of steel prices, exhaustively studied by the department in its recent prosecution of the steel trust, was discussed.

The cut in steel prices will be from \$100 a ton and more now paid by the allies to approximately \$50 a ton. All purchases will soon be in the hands of B. M. Baruch as official representative of the allies. He is now visiting all contracts made in this country to insure against "blood profits."

SWISS RESIST GERMAN DEMAND

(By American Press)

Washington, Aug. 8.—Confirmation has reached the state department of the report that Germany has demanded a loan in gold from Switzerland in return for coal. In official circles here this is taken as emphasis to the stories of financial difficulties in which Germany finds herself at present.

Germany is in sad need of gold to meet the obligations which she has incurred with those neutrals with whom she can trade, for German paper money is no longer in favor and the value of the German mark is depreciating almost to the vanishing point.

Switzerland is resisting the demand and if it is pressed she is in far better shape than Holland or the Scandinavian countries to meet either military or economic aggression from Germany.

Under present conditions Switzerland is dependent upon Germany for her coal, but it is believed that the allies may be able to meet her needs. With the restoration to France of the mining region so long in German hands the supplies of the allies may be increased to such an extent that Switzerland can be supplied in spite of the drain caused by urgent appeals from Italy for fuel.

YOUNGSTERS GIVE STORY OF EFFORTS

Following are additional stories written by youngsters enrolled in the Pig and Poultry Club of Fayette county:

The Story of My Pig.

Hope is a pure bred Poland China hog and was farrowed on the eighth day of March, 1917. At the age of 9 weeks she weighed 65 pounds. She is one of the two pigs that was left out of a litter of eight. Since then she has had good feed and a good shelter. At first she was wild, but now she will follow me around anywhere. She is always ready to receive her feed and thanks you with a satisfied grunt. She is four months and eighteen days old today and will weigh about 150 pounds. She was treated a few weeks ago and of course it worried her some. At first I let her run in blue grass pasture but lately she has been in oats pasture which had been partly eaten off by another bunch of hogs, but she enjoyed what little there was left. Hope has a hard time keeping cool this weather but I try to keep plenty of water before her. To lay in the mud all day but at meal times is her chief enjoyment. She also enjoys being sprayed with cool water. When I go in the pen with her food she nearly pushes me down trying to get her corn. I like to raise pigs because it gives me some idea of the cost, the gain of the pig and the profit after selling.

FLOYD ERICH.

My Pig.

Glenn Burke is a Berkshire pig, born on April the twelfth. When he was eight weeks old he weighed thirty-two and one-half pounds. I think he is a nice pig, and he is also a great pet. He will follow me most any place, but when I first began to feed him I had to keep him shut up in a pen for about two weeks so as to get him tame. I feed my pig corn and middlings and I give him milk when I have it for him, but that is not very often. Once every week I give Glenn a bath and he certainly thinks that is grand, especially in such hot weather. I have not weighed him since he was eight weeks old, so I do not know how much he has gained. I will bring my pig on Tuesday of the fair.

CLARA BELLE SMITH, Washington, R. 10.

"BIGGER AND BETTER" IS THE SELLS-FLOTO

Listen to the pompous gentleman who sits on top this kangaroo cage at the side of the red-coated driver of an eight-horse team—perfectly matched, dapple grays: "Grand free exhibition on the circus grounds immediately after the parade! A congress of the wonders of five continents and the seven seas free to one and all. The marvels of the orient and the occident assembled in vast conclave for your pleasure at a staggering cost of life, limb and treasure by the Sells-Floto management. Remember, it is free as the air you—" Carries you back to barefoot days, doesn't it?

Well, it's coming to Washington C. H. Sells-Floto Circus will exhibit here Tuesday, August 21.

The men of the advance are humming in and out of the city and they say the big show is bigger than ever before. You wouldn't want 'em to say anything else, would you? They swear there are more animals, more people, bigger bands and five of 'em, five calliothes—steam, air, reed and electric—taller center poles, smaller dwarfs, bigger giants, hills and billposters, bigger jumps between cities, more clowns, performers and horses and—well they are very enthusiastic about the Sells-Floto and are using bigger words than usual, so there ought to be lots in what they say.

The two million dollar circus is tramping in three great trains this season and the circus men ask us to look at the parade and know them then for the rock ribbed conservatives that they now claim they are.

WORKHOUSE REPORT FOR MONTH OF JULY

Superintendent D. H. Crow, of the Xenia Workhouse, has submitted his report for the month of July. The statement showed that there were 59 prisoners confined in the works July 1. Thirty-one were received during the month and 29 discharged, leaving a total of 61. The receipts for the month for foreign prisoners was \$829.75 and the expenses \$1,229.29, leaving a net expense of \$498.54.

TEUTONS LAUNCH NEW MOVEMENT

(By American Press)

London, Aug. 8.—Having driven the Russians out of the greater part of Galicia and Bukovina, the Austro-Germans now have begun in southern Moldavia a maneuver, the success of which would be of vast import against the Russo-Romanian line barring the way to Bessarabia.

At Fokshani the Austrians have struck a fierce blow at the defenders of the line and forced them across the River Tykides, thereby threatening the crossing of the lower Sereth and the road to Galatz, one of the chief Roumanian towns on the Danube still remaining in Roumanian hands. A number of guns of various calibers and 1,200 prisoners were taken by the invaders.

To the north, along the Bystritsa river in Roumania, two Russian regiments turned traitor and fled, compelling the main forces of the Russians here to retire again several miles. Near Kimpolung, in southern Bukovina, the Russians gave battle on the heights of Molit, but were defeated and forced to cede terrain. At several points farther north the Russians are at grips with the enemy and apparently are more than holding their own, on several sectors, having driven back the Teutonic advanced posts.

Taking advantage of the retreat of the Russians east of the Zbrocz river, where the disaffection in General Brusiloff's army made it virtually a rout, the Austrians and Germans are harvesting hastily the crops left behind.

Canadians operating on the French front against Lens have again made thrusts of a successful nature into the environs of the already encompassed coal center which apparently can not long withstand capitulation.

By the use of curtain fires the Germans are endeavoring to keep back further encroachments into the terrain there, but even with this fire against them the intrepid Canadians continue almost daily to extend their saps and now are firmly ensconced on the south and west outskirts of the town.

In the Champagne region the French have penetrated German lines at three places, and on the famous Avocourt wood-Hill 304 sector of the Verdun front have put down with losses a German attempt at attack.

Artillery duels continue to be the chief factors of warfare in both the Austro-Italian and Macedonian theaters. Severe fighting is taking place in southeastern German East Africa. As yet it has reached no definite result, although the British have gained some ground.

REVENGE TALK

(By American Press)

Chicago, Aug. 8.—Sentiment is growing for a general strike of Industrial Workers of the World, according to William D. Haywood, general treasurer and secretary of the organization. He declared that "anybody hands in South Dakota have been called out and that 85 per cent of the lumber industry in the northwest is tied up as a result of walkouts. "I have received telegrams from all parts of the country endorsing a general strike in retaliation for the lynching of Frank H. Little," said Haywood.

GOULD WANTS OUT

(By American Press)

Toms River, N. J., Aug. 8.—Kinmon Gould, physically fit, is waiting to see whether an army board will exempt him from army service on the grounds that his wife is depending on him for support. Gould, son of George J. Gould, was married against the wishes of his parents July 2. According to reports he was cut off from an inheritance by his father.

God seems to have lost out with the Kaiser, who now puts all his faith in the U-boat.—New York Call.

Take No Chances in Tire Buying

There is risk in a chance—but not when you buy a tire of known quality—of known endurance.

United States Tires—all five of them, 'Royal Cord,' 'Nobby,' 'Chain,' 'Usco,' 'Plain,'

—are tires of known, demonstrated and proved service and endurance.

—the make of tires that costs less per mile today than any other make of tire—now or ever.

Proof—the consistent and persistent year-by-year, month-by-month sales increases of United States Tires.

Your experience, too, will prove their quality.

United States Tires Are Good Tires

USEFUL MESSAGE TO THE AILING AGED FOLKS

L. J. Seals Found a Royal Friend in Nerv-Worth.

Victims of nervous ills who are well up in years will welcome the following message from one who suffered and is now vastly better. "I have had chronic stomach trouble for years. I did not properly digest my food. Was in constant

pain in my stomach, breast and bowels. Very badly constipated and had to resort to strong physic. I tried all the remedies I could in order to get some relief. I did not get restful sleep. Was very nervous and tossed around and got up tired. I purchased a bottle of Nerv-Worth and took it according to directions and now my nervousness, stomach and digestive troubles are gone and I can sleep soundly and get some rest. I am stronger and more vigorous and CAN EAT ANYTHING I LIKE. I am 65 years old and Nerv-Worth has worked wonders for me.

"L. J. SEALS,
"703 S. 4th St.,
"Hamilton, O."

Your dollar back at Christopher's or Brown's drug store, Washington C. H., if Nerv-Worth does not benefit YOU.

What to Do When Backache Comes on

"Foley Kidney Pills have done me more good than \$150.00 worth of other medicine," writes Chas. N. Fox of Rimrod, N. Y.

When backache comes on, and it seems as if you can't stand the pain and pressure in the small of your back and sides, do not feel that you must continue to suffer, but get a bottle of Foley Kidney Pills and begin taking them. They usually help from the very first doses. It is worth a good deal to you to know that Foley Kidney Pills give you just what your system needs to repair the weak sick kidneys. It is their inability to do their work properly that causes your pain and misery. Foley Kidney Pills lead to middle-aged and elderly people the spryness and elasticity of youth. They take away the cause of backache, stiff and aching joints, rheumatic pains and annoying bladder and urinary troubles. Try them today.

SENATORS ACCEPT CONFEREE REPORT

(By American Press)
Washington, Aug. 8.—The conference report on the administration food bill will be disposed of late today by the senate.

Both advocates and opponents of the legislation say there is no doubt of the senate's approval of the conference report, probably by an overwhelming majority. Administration leaders predict that there will be fewer than a dozen votes in opposition. Immediately after its disposition it is planned to adopt the conference report on the first administration food bill, providing a food survey and appropriations to stimulate production. Little opposition is expected.

The principal speech of the day was made by Senator Wadsworth who said the food things of the bill outnumbered the bad ones, but protested elimination of the provision for a congressional committee to supervise war expenditures, and predicted that the \$2 minimum wheat price fixing provision might not operate as its proponents believe. He urged cooperation between the legislative and administrative branches of the government and a greater degree of publicity of the conduct of the war.

The New York senator denounced the delay in the enactment of the first food bill as a breaking of faith by the government with the people.

Senator New of Indiana, Republican, declared the public does not understand the bill and expects the impossible from it. "Nearly every senator has doubts as to its results," he said.

Senator Sherman of Illinois, Republican, declared that the public knows no more of the measure's scope than a "Mousetrap does of the Lord's prayer."

Speaking in opposition to the adoption of the conference report, Senator Gronna pronounced it "a victory for the Standard Oil company and the grain exchanges of the country," declaring there was nothing in it to control prices of oils the farmers need. Control over fuel, he admitted, was inserted in the bill, but he said this was only the product of oil after gasoline had been extracted.

Senator Chamberlain interrupted Mr. Gronna to deny that the oil companies benefited in any way under the bill. Senator Gronna took occasion to reply to Senator Williams' speech attacking obstructionists.

WEATHER IS IDEAL AT CAMP SHERIDAN

Columbus, O., August 8.—Relatives and friends of Ohio soldiers, some of whom are now enroute to Montgomery, Ala., need not worry for the boys about the weather in that Southern city.

Ohio has been a hotter place than Montgomery during the past week and while the boys have been sweating at home, the cool breezes from the gulf of Mexico have made the sleeping conditions fine in the Southern training camp.

The movement of troops from Ohio to Alabama which has now begun will be continued throughout the next ten days until every member of the present guard is sent South. Before August 15 practically all of the Buckeye guardsmen will be in the new camp.

MYSTERIOUS LIGHT APPEARS IN SKY

Several times recently mysterious lights have been reported in the sky during the night, and the belief is expressed that these lights are from an airplane making a night flight from the Dayton aviation field.

A couple of nights ago one of these lights was watched for nearly three hours, and appeared to circle about at a high altitude, east of this city. On other occasions similar lights have been seen at various points, but no engine was heard running.

ROAD COMPLETED TO BE OPENED SOON

The paving on the Chillicothe pike was completed about three o'clock Tuesday afternoon, and within the next ten days or two weeks the road will be formally opened to traffic the entire length.

The part completed Tuesday was that forming the connecting link between the original improvement of the Chillicothe pike and the South Fayette street paving.

GENERAL FOR OHIO

Washington, Aug. 8.—A regular army officer will be sent to Columbus to take charge of the new Ohio division as its major general, if a well defined movement pans out as war department officials and regular army officers now think it will. These officers believe they have the appointment of Adjutant General Wood to the major generalship sidetracked. Brigadier General Clarence Edwards is mentioned for the position. He is a former Ohioan.

GENERAL C. R. EDWARDS

He is Mentioned For Chief of the General Staff.

Photo by American Press Association.

MOBILIZING WORK TO BEGIN AT ONCE

(By American Press)

Washington, Aug. 8.—Plans are being perfected for the mobilization of the first 687,000 men to be called out for the national army in September.

General Crowder says it will be necessary to have the men leave in small groups or the limited railroad facilities will be swamped. Twenty or 30 per cent of the first quota in each district will leave between Sept. 1 and Sept. 15, about 40 per cent will leave in the second movement and the remainder will go probably about Oct. 1. Whether the men will go from home to cantonment camps or concentrate at some central point in each state will depend on traffic conditions.

Statements issued by the war department show that preliminary figures place the total force of national guard taken into the federal service Aug. 5, at 13,093 officers and 419,851 men. Another statement showed that 180,566 war volunteers have been recruited for the regular service since April 1, leaving only about 2,000 vacancies in the regulars at war strength.

These figures mean that approximately 725,000 men are now under arms, exclusive of the navy and marine corps, to be supplemented within the next few weeks by 687,000 raised under the selective draft bill. Of the latter number about 500,000 will compose the third great element of the war army, the national army, and the remainder will go to fill up the regulars and the guard and their reserves.

The mobilization regulations will show how the drafted men are to be assigned. Already the war department has received countless applications from men certain to be called in the first increment of the draft forces for assignment to some particular arm or branch of the service. Where a man has been summoned by his local board for physical examination, no method exists whereby he may enlist in the regulars and have his service count on the home quota. It is probable, however, that some effort will be made to meet the wishes of the drafted men in this regard as far as possible when they are mobilized.

It can only be done to a limited extent as the regulars and guard are practically filled up now. The war department has taken over recruiting for the national guard as well as the regulars, the entire guard having now become a part of the army of the United States and having no connection with the states.

MRS. DE SAULLES ILL

(By American Press)

Minneapolis, N. Y., Aug. 8.—Efforts to have Mrs. Blanca De Saulles removed from jail where she is held for murder of her former husband, John Louder De Saulles, to a hospital, owing to what her attorney terms a nervous collapse, will be fought by the state. District Attorney Charles R. Weeks announced. He declared he did not believe she is in as serious a condition as her attorney, Henry Utherhart, would have the public think. Dr. Guy F. Cleghorn, the county physician who, with two other doctors, made an examination of Mrs. De Saulles, said he did not believe her condition justified removal to a hospital. She needed medical attention, he said, but this could be given in the jail.

ABLE TO SLEEP SOUNDLY NIGHTS NOW, HE CLAIMS

Used to Get Up in Mornings Feeling Tired Out, But It's Different Since He Took Tanlac.

After the benefits I have received through the use of Tanlac I feel it is a sort of duty to tell others what it has done for me," said James O'Connor, of 228 South Main street, Dayton, Ohio.

"I wasn't exactly sick but there wasn't a day during which I felt right. I felt miserable most of the time. My stomach bothered me almost continually. Food didn't tempt me in the least and I had no appetite at all.

"I had pains and weakness in my back, too, and it made me so nervous that I never got a good night's rest. I would get up in the morning just as tired and worn out as when I went to bed.

"Well, I tried lots of medicines but nothing helped me until I took Tanlac. After the first bottle of Tanlac I noticed that my stomach was in much better condition. It makes no difference now what I eat, I'm never bothered with bad effects after meals.

"It's different, too, now when I go to bed at night, I can sleep because the pains and weakness in my back have gone. When I get up in the morning now I'm ready for the day's work.

Tanlac is a fine medicine and worthy of a trial by anyone who is bothered like I was."

Tanlac is a vegetable tonic, especially designed to build up run down systems. If you are not feeling right get Tanlac today at Blackmer & Tanquary's drug store, Frank Christopher's drug store or C. S. Haver's drug store.

Adv't.

GOVERNORS TO MEET

(By American Press)

Chicago, Aug. 8.—Initiative in calling a conference of the governors of sixteen states at Chicago Aug. 16, for the purpose of taking some concerted action to reduce coal prices, even to the extent of seizing the mines, was taken by the Illinois state council of defense. The report of Levy Mayer, chairman of the law and legislative committee, which held that the governors have power to seize mines, was adopted. Governors of the following states will be asked to attend the conference: Tennessee, North Dakota, South Dakota, Ohio, Kentucky, Nebraska, Missouri, Kansas, West Virginia, Pennsylvania, Indiana, Michigan, Wisconsin, Iowa, Minnesota and Illinois.

Operators have protested that the prices arranged at the recent federal conference, from \$2.75 to \$3.75 at the mine mouth, should not be disturbed.

ELIMINATING "SELLING PLATERS" FROM AUTO RACING

RALPH DE PALMA AT THE WHEEL.

"While there probably will not be as many starters in the 200-mile Army and Navy Sweepstakes race at the Cincinnati Speedway on Labor Day as have heretofore participated in the contests on the local and other tracks, the lovers of auto racing are assured of more excitement than ever before was staged in connection with a race of this kind," declared Ralph De Palma, one of the most popular drivers who ever piloted a racing machine, during his stay in Cincinnati.

"Auto racing of the present, like horse racing in the past, is being divided into classes—stake racers and 'selling platers,' as it were," continued De Palma. "In other words, the promiscuous entering of poor machines with good ones, and the driving of mediocre pilots with those who possess real ability, is gradually being eliminated from the auto racing game, so that, while there may be fewer starters in the races of the future, the speed enthusiasts will be assured of a higher class of races and of fewer cars limping to the pits.

"Poor cars and poor drivers have been the downfall of many a star driver who was compelled to slow up, turn out or quit entirely because some incompetent man in an unreliable machine was making the going dangerous, if not impossible. This class of drivers and cars gradually is being weeded off the big tracks, so that, while the number of starters may be less in the future, the class and sport will be much higher."

While the chief feature of the Labor Day program at the Cincinnati Speedway will be the 200-Mile \$10,000 Army and Navy Sweepstakes Race, in which all the leading drivers of America will participate, there will be a number of other exciting events, including aviation exhibitions and non-professional automobile races. In the latter category there will be four events, including one exclusively for Ford cars, one for cars having a piston displacement up to 160 cubic inches, one for cars having a piston displacement up to 230 cubic inches, and a free-for-all race.

Katherine Stinson, who has won great honors as a flier in America, Japan and China, will be the star of the aviation section, and will be assisted by several noted male stars, offering two flights on the day of the race and one on the day preceding the big outdoor sport festival.

LITTLE INSIDE STORY BY PROMINENT DRUGGIST

Druggists usually keep their business to themselves, but one time, however, when a little talk is necessary as it may be of interest and value to our customers.

We recently put in a stock of a new Italian Food Product called HEMO. The results from the sale of this product are most gratifying as we are told every day of the merits of this food by customers who have tried it.

We want to recommend this food to all the best to be had for a cases of stomach and digestive disorders, also for anemias, convalescents and invalids. It is of wonderful value in restoring the health of those generally debilitated or run down from any cause.

Come in today as we want to have a personal talk with you on HEMO and also to show you that we have the best stocked and most modern drug store you have ever seen. We will appreciate a call.
